May Advisory Board Notes 05/19/2016.

DES Report:

- Voice Radio: Mobile radio installs are ongoing. If you have an issue, please let the SSC Rep know. If they are not satisfied, let Beau know. Portable Radio second touch should be coming up soon.
- Mobile Radio Installs: You can opt to keep your low profile antennas. You will still be given a 3db whip antenna. The Antenna coax will be replaced by default unless you optout. The cable will still need to be tested to make sure it is within operational range. If you have an issue after install call SSC.
- When issues on the Radio System occur you need to report it, not tolerate it. System issues can be reported through Enterprise Wizard and Radio Room Supervisor.
- PTSC: Firing range bid opening was last week. Hope to start construction in late summer. Octorara Cadet Program is wrapping up Cadets are doing live burns. Frank K is working on the after school Explorer program. Junior Camp is filling up.
- CAD: Training has started for dispatchers, train the trainer training coming up soon. GPS tracking is doing well on the new CAD. MPS software installs are starting up. Station owned MDC data connections will be turned up during the software installs. County/AT&T will reach out to get company setup on the account. Talk to John Cocchi about the installs
