## **October Advisory Board Notes 10/3/2019.**

### **DES Report:**

- Welcome BJ Meadcroft as the new Deputy Director of Fire Services.

### **Districts:**

North- Nothing new since last meeting

South – Discussion on the Drill Type Code. Ask your districts if you want it closed out right away, wait for a call in from the OIC. Avondale has a FP officer hit at a West Grove fire. He was knocked down, cut his arm and was back working on the scene 3hrs later. The South asked if the Staffed Engine would be from the location of the incident in miles or to a specific station. It would be miles from the incident to the staffed engines location. It can be an additional piece or part of your run stream. You can set it up to be by Box or specific type code.

East – IMT Team will go live on 10/14 or there about. Working on a consistent SOG and the value of a duty engine.

Central- Have not met

West- Nothing new

Fire Police – Will be assisting with the 5K Run.
