Old Business:

- Rescue Task Force: Looking to save time on the mobilizing of the TF. Reviewed the criteria and made changes to the high/low angle rescue criteria to be anything that is inaccessible instead of over aerial truck height.
- RTF agreed to stick with using the 72 designation and single tone for call outs. Dispatch will say whether it is out of county or not and the crews can mobilize as needed. Rescue 53 due on all out of county task force calls due to Regional USAR equipment on board.

New Business:

- Gerry is looking to do a Nozzle Forward class and co-sponsorship with Lancaster County. He will send out the information to the group.
